

# CLUB EVENING

Wednesday 10 April - 6.00pm

**Japanese Textiles** *Speaker: Jacky Eyre*

*Brought to you by the Theatre Collective, Asian Culture, French & History Circles*

In the early 2000's, a chance encounter with a piece of textile work created with antique Japanese fabric was a life changing moment. Within a couple of years, Jacky travelled to Japan for the first time in 2004 with a group of women who were all quilters and life has never been the same since.

Jacky is looking forward to showing her textile collection as well as some special treasures.
